

Fall Guys parental controls

Controls & Settings guide

Fall Guys is a free massive multiplayer battle royale obstacle course game from Epic Games. With a PEGI 3 rating, it is accessible for all ages. Follow our step-by-step guidance for managing chat options, hiding usernames, limiting spending and more to help your child understand online safety.

What do I need?

An Epic Games account and access to gaming device

1. Manage party chat settings

If your child is over 13, they have immediate access to party (group) voice chat in Fall Guys. Your child must join a party to participate. This allows them to talk with other players via headset. However, to keep them safe, it's recommended that you set up restrictions in-game.

To manage in-game party voice chat settings:

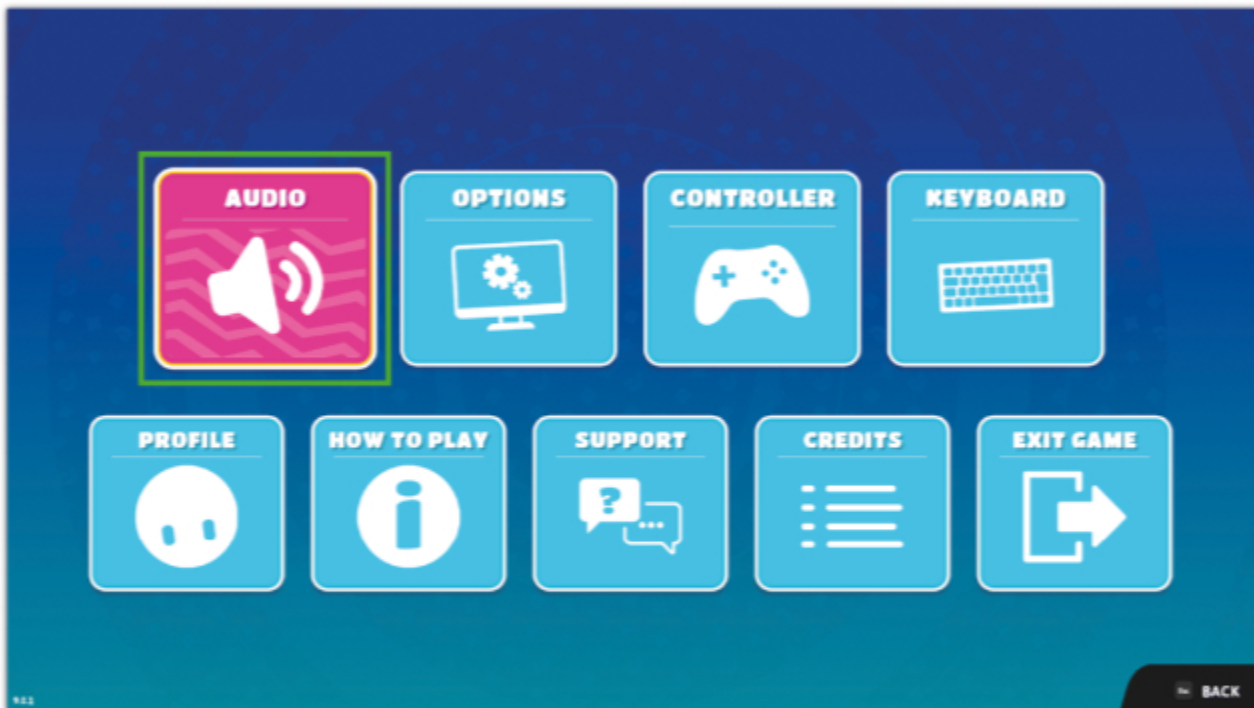

Step 1 – Once in game on the **main menu**, select the **gear icon** in the top right corner. On PC, you can hit the **ESC** key instead.

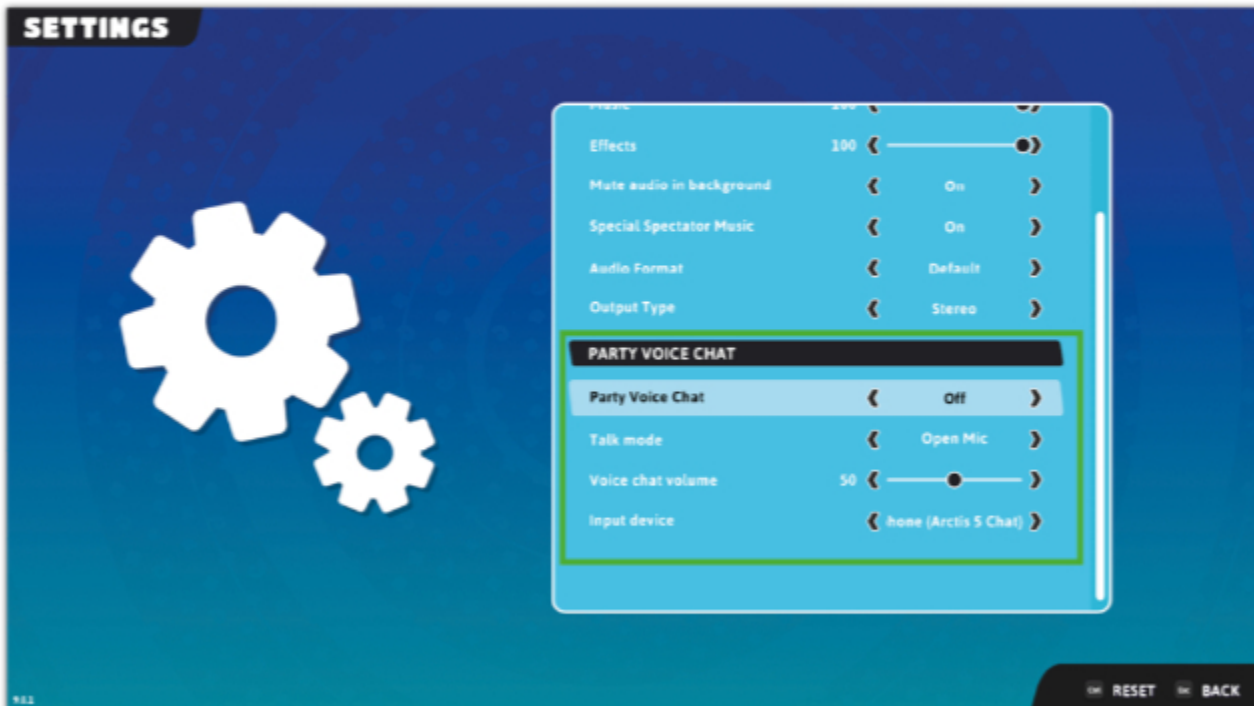

Step 2 – Select **AUDIO** on the left and scroll to **PARTY VOICE CHAT**. Toggle to **on/off**. If you turn it on, make sure you set settings in the **Epic Game Store** to limit communication with **Friends only**.

2. Hide usernames

During a Fall Guys game, users can view other players' names and the system they play on. While usernames are generally moderated, you may wish to hide them in case some are rude or inappropriate.

To hide usernames:

While **playing a game** on Fall Guys, users can toggle others' usernames off by simply **following the instructions** on screen. This might vary depending on device but can be found in the **top corner**.

3. How to report someone

Other players in Fall Guys may cheat, have offensive names or otherwise impact upon your child's game in a negative way. However, you can report the player to stop their behaviour and to provide the developers with feedback.

To report a user:

Step 1 – Your child can report others during a game as a player or in spectator mode after being eliminated. The current players' names are in the **bottom corner** of the screen. **Select the player** you wish to report.

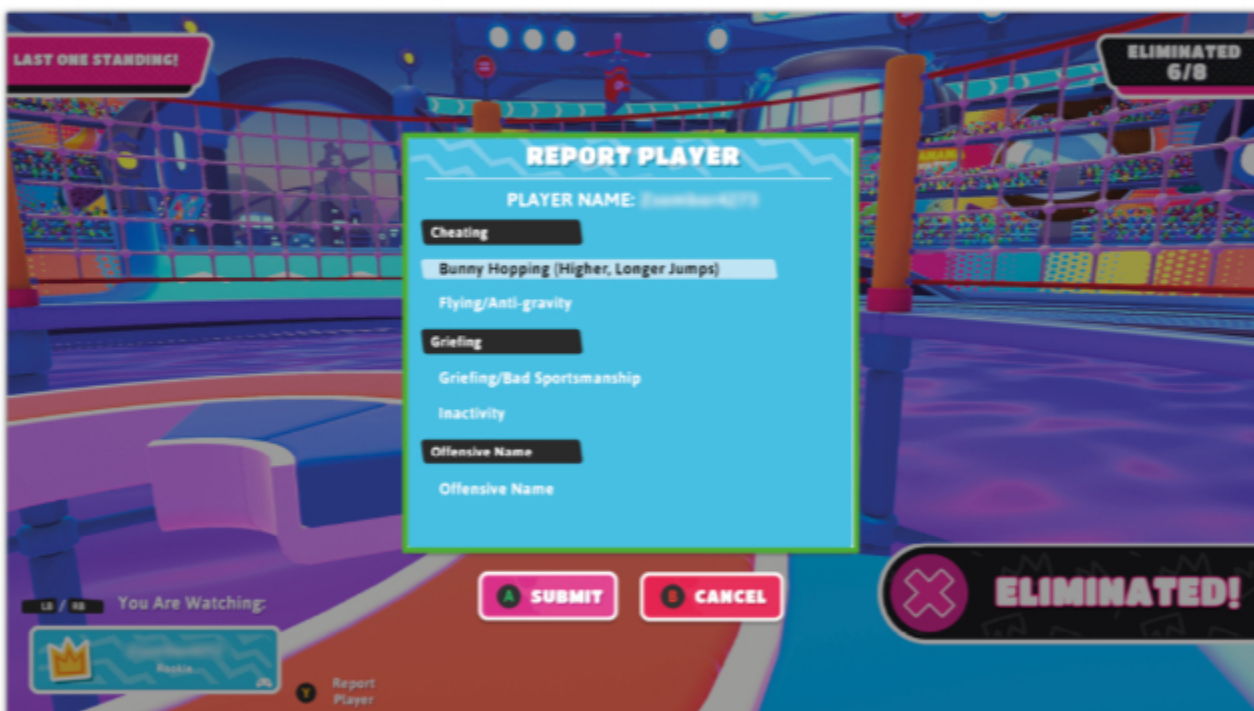

Step 2 – On the pop-up, double check that the **correct player** is selected. Choose an **option** to report them for and select **SUBMIT**.

Show your child how to use this feature and explore [Fall Guys' Rules of Conduct](#)  to help them understand what to look out for.

4. Limit in-game spending

Like most modern online games, especially 'free' ones, the video game developers further fund Fall Guys by selling items within the game.

Setting parental controls in-game and through the console or device can help ensure children aren't overspending.

Understanding in-game purchases:

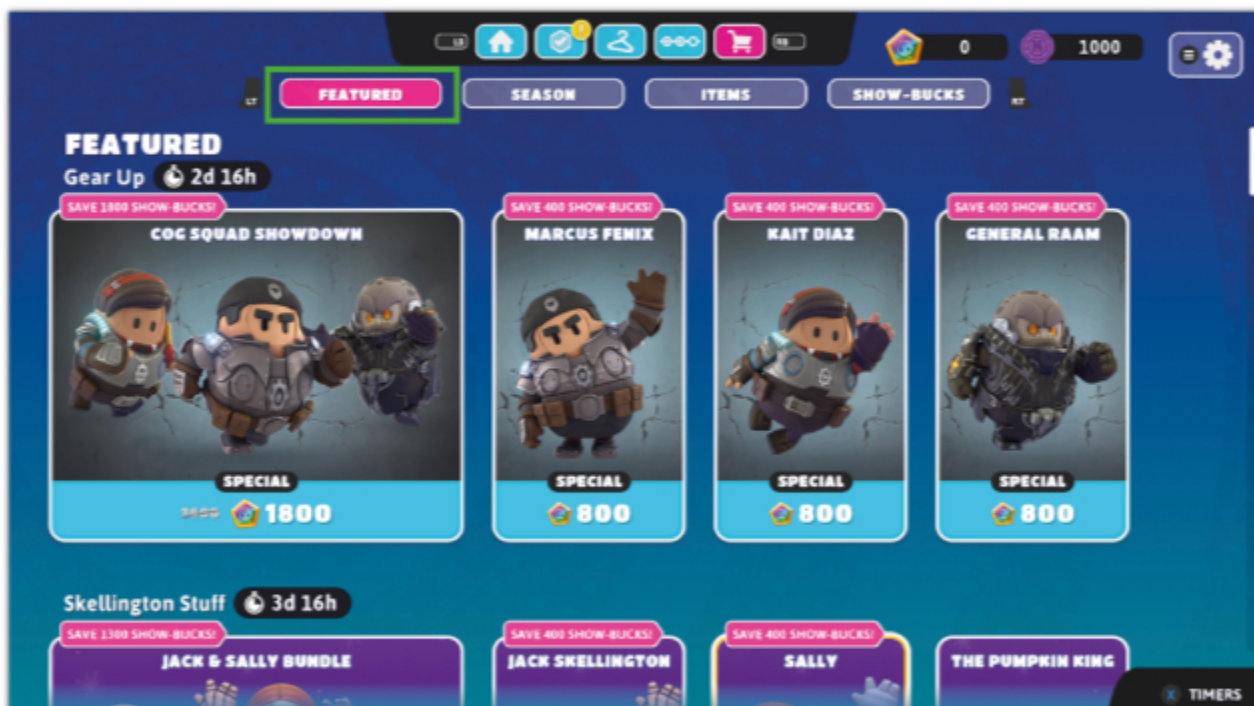

Step 1 – From the **main menu**, select the **shopping trolley** at the top of the screen.

Step 2 – Fall Guys uses Show-Bucks as its currency. Users can purchase items and passes to access some content. Select **SHOW-BUCKS** to explore local costs.

Step 3 – Once you select a Show-Bucks package, hold or select the **CONFIRM** button. This will bring you to the **payment screen**. If you have added your credit/debit card and if you have not set up parental controls, **your child can make purchases here**.

5. Understanding cabined accounts

Fall Guys accounts for players under 13-years-old will be limited to cabined accounts until parents give permission for additional features.

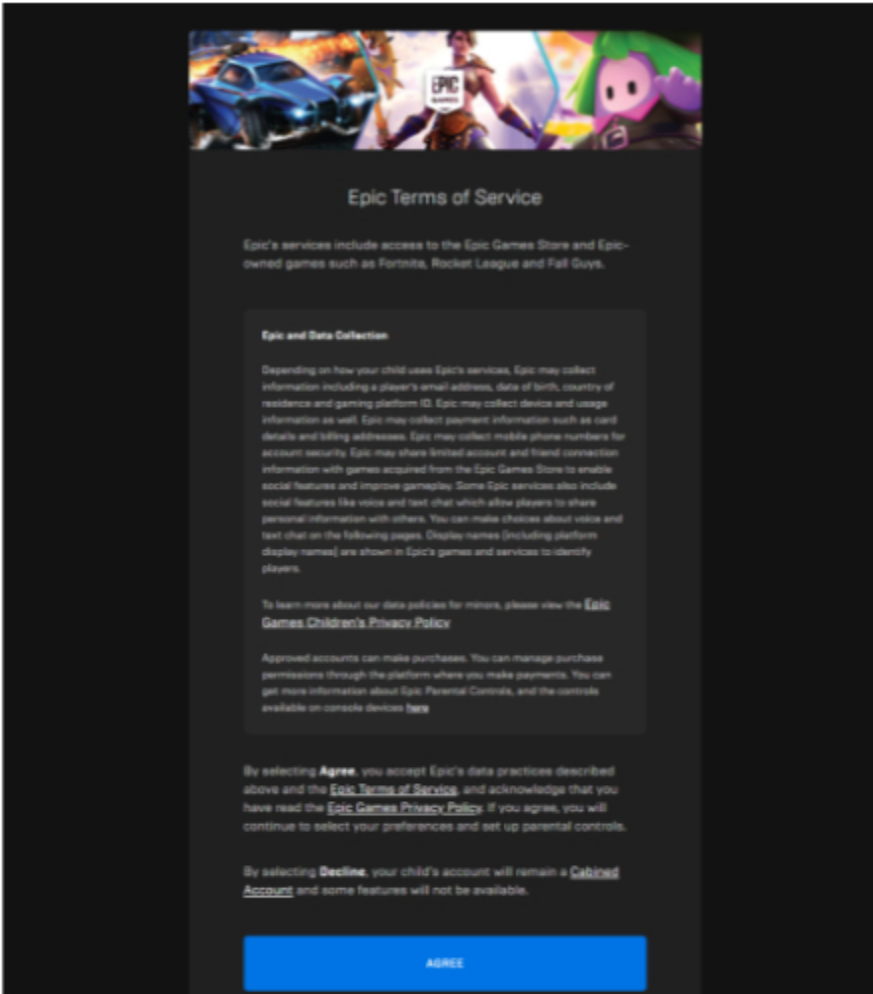

What are cabined accounts?

Cabined accounts allow children to play Fall Guys and other games from Epic Games with limited features. They can access all previously purchased content but cannot talk to other players, make new purchases or receive any notifications among other limitations.

Parents must consent to allow their child access to these limitations.

The screenshot shows the 'Epic Terms of Service' page. At the top, there is a banner image featuring characters from Epic Games, including a blue car, a character with a sword, and a pink character. Below the banner, the title 'Epic Terms of Service' is centered. The main text states: 'Epic's services include access to the Epic Games Store and Epic-owned games such as Fortnite, Rocket League and Fall Guys.' A section titled 'Epic and Data Collection' contains the following text: 'Depending on how your child uses Epic's services, Epic may collect information including a player's email address, date of birth, country of residence and gaming platform ID. Epic may collect device and usage information as well. Epic may collect payment information such as card details and billing addresses. Epic may collect mobile phone numbers for account security. Epic may share limited account and friend connection information with games acquired from the Epic Games Store to enable social features and improve gameplay. Some Epic services also include social features like voice and text chat which allow players to share personal information with others. You can make choices about voice and text chat on the following pages. Display names (including platform display names) are shown in Epic's games and services to identify players.' Below this, it says: 'To learn more about our data policies for minors, please view the [Epic Games Children's Privacy Policy](#).' Another section states: 'Approved accounts can make purchases. You can manage purchase permissions through the platform where you make payments. You can get more information about Epic Parental Controls, and the controls available on console devices [here](#).' At the bottom, there are two options: 'By selecting **Agree**, you accept Epic's data practices described above and the [Epic Terms of Service](#), and acknowledge that you have read the [Epic Games Privacy Policy](#). If you agree, you will continue to select your preferences and set up parental controls.' and 'By selecting **Decline**, your child's account will remain a **Cabined Account** and some features will not be available.' A large blue button labeled 'AGREE' is positioned at the bottom of the page.

6. More parental controls

Parental controls come in three forms: platform-specific, store-specific and game-specific. For guidance on setting parental controls on consoles or in stores, see the below.
